Haws 9126 Heat Shield for Model 7501 Portable Eyewash – Thermal Protection Cover

https://www.haws.ch/en-gb/products/9126-heat-shield-for-portable-eyewashes-7501/

Product overview:

Keep your Haws 7501 Portable Eyewash compliant and ready in high-temperature environments with the Haws 9126 Heat Shield. Designed to minimize heat absorption from sunlight and ambient conditions, it helps maintain safe water temperatures and extends the unit's readiness for emergency use.

Features:

- **Custom Fit:** Engineered specifically for the Haws Portable Eyewash Model 7501
- **Temperature Protection:** Helps maintain safe, compliant water temperatures in hot environments
- **High Thermal Resistance:** Rt-value of 3.45 m^2K/W provides excellent insulation
- **Solar and Ambient Heat Reduction:** Reflects up to 60% of solar radiation and reduces conductive heat transfer by up to 98%
- **Durable Construction:** UV-resistant, water-resistant, and built for harsh outdoor conditions
- **Quick Installation:** Installs easily without tools
- **Made in the USA:** Item number 10010542

Ideal for:

- Oil & gas facilities

- Chemical plants and refineries
- Ports and maritime operations
- Power generation and utility sites
- Remote or temporary job locations
